REPORT ON EYE SCREENING CAMP

Organized by	:	Jarma Wellness
Venue	:	D.A.V. Public School, Velachery
Date	:	10.08.2026 to 12.08.2026
Participants	:	Students from Nursery to Class V

An Eye Screening Camp was conducted at D.A.V. Public School, Velachery, for students of Nursery to Class V in collaboration with Jarma Wellness and Sun Pharma from 10th August to 12th August, 2026.

The Screening was carried out using the ‘Plusoptix machine’ which is particularly suitable for screening young children. It helped in the early identification of possible refractive errors and myopia, enabling timely referral for further eye examination wherever required.

As part of the awareness programme, informative pamphlets on myopia were distributed to the students. The pamphlets provided useful information about myopia, early detection, and the importance of maintaining healthy eye habits.

The programme helped promote early detection of vision problems and awareness about eye health among young children.

Eye Screening Camp by Jarma Wellness for Nursery to Std. V
