

## **REPORT ON THE WORKSHOP –**

### **INTEGRATING LEARNING AND ASSESSMENT-2025-26**

**CONDUCTED AT D.A.V. PUBLIC SCHOOL, VELACHERY CHENNAI - 42**

**Date: 18.02.2025**

**Time: 10.00 a.m. - 4.30p.m.**

**Resource Person: Ms. Sudha Ravi, Founder, Teacher Magi**

The Objective of this Workshop was to enlighten the educators about the **Effective Teaching-Learning Strategies** to empower students to think creatively and apply innovations in the learning process. The significance of **Process, Progress and Product** was discussed throughout the session.

The Forenoon session highlighted the **importance of Competency Based Learning to promote 21<sup>st</sup> Century Skills** in students and application of knowledge and skills in real life scenarios for their **Holistic Development**. The Resource Person reiterated that **student centred engagement** that could be implemented in classroom teaching to develop Language Skills and Literary Appreciation.

The conversion of **Intention into action by complete Attention** was well connected with Teaching Objectives and Learning Outcomes in the session. Further, the Resource Person insisted on the role of a teacher to do **explicit teaching** by conducting various classroom activities that would focus on the process and not on the product.

The Post Lunch session emphasized on **Assessment Strategies** aligned with curriculum planning along with proper feedback and reflection. This was elucidated by conducting a group activity (subject-wise). The Resource Person threw light on the essential conditions of good assessment to evaluate the performance of students. **Learning by Experience** was the crux of the entire session.

To sum up, the Resource Person reiterated that with focused preparation, active engagement and consistent evaluation, students can brace for their assessments and examinations.

The session was indeed extremely informative and enriching.
