REPORT ON WORLD EARTH AND WATER DAY CELEBRATION

The World Earth Day and World Water Day celebrations were held at the Vatika Campus by the Primary students on 18.06.2026 with great enthusiasm and a strong sense of environmental awareness. The programme was graced by the Principal, Ms. Sujatha, and Dr. V. Bala Naga Jyothi, Senior Scientist and Joint Project Director, National Institute of Ocean Technology (NIOT), India, who attended as the Chief Guest.

The celebration began with a warm welcome, followed by a series of colourful cultural performances by the students. The students of Std. III presented “Guardians of the Earth Parade”, a fancy dress show depicting various elements of nature. The students of Std. I and Std. II delighted the audience with the dances “Little Feet, Big Dreams for Earth” and “Green Steps, Bright Future”. The students of Std. IV, V, and VI presented melodious songs titled “Melodies for Mother Earth” and “Drops of Harmony”.

As part of the classroom activities to commemorate World Water Day, the students of Std. III drew and coloured different sources of water on A4 sheets, while the students of Std. IV showcased their creativity through poster making on the theme “Save Water”.

The students of Std. V and VI actively participated in a series of awareness activities to reinforce the message of Environmental Conservation. They created informative posters and watched an educational video on Saving Water and Protecting the Environment.

The students of Std. VI also visited the Std. IV classrooms to create awareness about Water Conservation, Environmental Protection, Reducing Pollution, Saving Trees, Avoiding the use of Plastic and the Importance of Recycling. They shared simple and practical tips for keeping the Earth clean and green. The students further took a pledge to Conserve Water and Protect the Planet. These activities helped the students develop Environmental Responsibility, Communication Skills and Teamwork.

During her address, Dr. V. Bala Naga Jyothi delivered an informative presentation on the functioning of Submarines and the significant work carried out by NIOT in the field of Ocean Research and Technology. She patiently answered the students' questions and encouraged them to remain curious and explore the wonders of science. Appreciating the students' enthusiasm, confidence, and environmental awareness, she inspired everyone to become responsible Guardians of the Earth and its precious water resources.

The celebration concluded with a vote of thanks, leaving the audience with a strong message of Conservation and Sustainability.
