REPORT ON THE CLASS ASSEMBLY OF VII B DURING THE ACADEMIC YEAR 2026 - 27

Class Teacher: Ms. Sumithra R **Date / Day: 08.09.2026 (Tuesday)**
Timing: 8:45 a.m. to 9:15 a.m. **Class Strength: 39**

Topic: How School inculcated Effective Communication among students – 3 ways

The Assembly of Class VII B was conducted on **8 September, 2026** with the theme **"How School inculcated Effective Communication among students - 3 ways"**. The Assembly aimed to highlight the importance of communication in a student's personal, academic and social development and to showcase how the school provides various opportunities for students to develop confidence, articulation, listening skills and public-speaking abilities.

All the students of Class VII B actively participated in the different programmes and contributed to making the Assembly meaningful and engaging.

Skit – *Humans Vs AI: Who is a Better Communicator?*

The Assembly began with an engaging skit titled **"Humans Vs AI – Who is a Better Communicator?"** Through an interesting and thought-provoking presentation, students explored the differences between human and AI communication. The skit highlighted that while AI can process information quickly and communicate efficiently, **Human Communication involves Empathy, Emotions, Understanding, Creativity and Meaningful Connections**.

The performance encouraged students to reflect on the qualities that make communication truly effective.

Communication Parade – The Voice from Classroom to platforms beyond

The **Communication Parade** showcased the various platforms provided by the school to nurture effective communication among students. Students presented how communication skills are developed through:

- **Classroom Discussions** – expressing ideas and listening to different viewpoints
- **MUN (Model United Nations)** – developing confidence, diplomacy, research and public speaking
- **Class Assemblies** – providing opportunities to speak before an audience
- **Inter-House/Inter-Mural Activities** – encouraging teamwork, interaction and healthy expression of ideas

The presentation effectively conveyed that communication is not limited to the classroom but is developed through **every opportunity to speak, listen, discuss, collaborate and express oneself**.

Communication Challenge – *The Art of Articulation*

The **Communication Challenge** demonstrated the importance of clear articulation and effective expression. Students participated in an activity that showed how the same idea can be communicated differently depending on the choice of words, clarity, tone and confidence.

The highlight of this segment was the interaction with an **alumnus of the school, Advaith Sreekanth who is currently associated with IIT**. He shared his experiences and spoke about how the school had helped him develop his **Communication Skills, Confidence and Ability to express his ideas**. His interaction served as an inspiring example for the students and reinforced the value of the communication opportunities provided by the school.

The Assembly concluded with a valuable feedback from the Supervisory Head. The feedback appreciated the enthusiastic participation of all the students and the thoughtful manner in which the theme of effective communication was presented. The students were encouraged to continue developing their communication skills by **speaking confidently, listening actively, respecting different perspectives and making effective use of the opportunities provided by the school**.

The Class VII B Assembly demonstrated that **effective communication is a skill that grows with practice and participation**. Through the skit, Communication Parade, Communication Challenge and the alumnus interaction, students gained a deeper understanding of the role of communication in their everyday lives and future endeavours.

The Assembly was a collaborative effort by all the students of Class VII B and reflected the school's commitment to **building confidence, making them good at articulation, being empathetic and effective communicators**.
