REPORT ON THE BLOOD DONATION CAMP

46 Units of Precious Blood Donated to V.H.S. Blood Bank, Tharamani

The Annual Blood Donation Camp was organised at D.A.V. Public School, Velachery, Chennai in collaboration with Rotary Club Madras East (RCM) and V.H.S Tharamani, Chennai on 20 September, 2026.

The School lent a hand to connect with the community and aid the V.H.S. Blood Bank in spreading awareness about the importance of Blood Donation to help patients survive surgeries and in emergency needs with the support of RCM East and V.H.S. Tharamani. Office Bearers of Interact Club and NCC Students Volunteered during the Camp and extended committed Service.

Rotarian Krishnaprasad, Rotarian Sai Ramasamy, Poonam Gaglani, Director, Winner's Academy joined the Principal, Mrs. Sujatha M in motivating the Blood Donors to continue their valuable contribution to “Saving Lives”.

Parents, Staff, Rotary Club Members and other Good Samaritans found their way to the school on Sunday Morning to give the ‘Precious gift’ and ‘Be a Saviour’. Almost 67 donors registered for the camp, while 46 donors were eligible to donate blood. Some potential donors had to be deferred due to low haemoglobin levels.

A total of 46 units (both 450 and 350 ml) of blood were collected during the event. The Health Care Team from V.H.S. appreciated the donors and urged them to promote the importance of blood donation, the donation process, and post-donation care.

The Blood Donation Camp was a success and witnessed the enthusiastic participation of the community. One Parent said, “We are happy to see Schools and Students reach out to the society through such programmes”.

The medical team from V.H.S. carried out the task with ease in the half-day camp. Refreshments were sponsored by the V.H.S. Blood Bank and Certificates were issued to all the Donors.

The Community Engagement along with the School, RCME and VHS to promote blood donation and create a culture of volunteerism is worth great appreciation.
