REPORT ON THE CLASS FIELD TRIP TO GURU FARM HOUSE- STD IX

Date: 23.09.2025

Number of Students joined the trip: 196

Field Trip Report – Visit to Guru Farm House

Educational Trips are a wonderful way to blend learning with fun and to help students connect classroom concepts with real-life experiences. With this objective, a field trip to Guru Farm House was organized for the students of Class IX on 23rd September 2025. A total of 196 enthusiastic students, accompanied by their teachers, set out on this exciting journey to explore and experience the life of a farmer.

Upon reaching the farm, the day began with a briefing session on “Farm Guru”, where the instructor explained the significance of agriculture, organic farming, and the importance of respecting our farmers who are the backbone of our Nation. The theme of the day was aptly titled “A Farmer Today.”

Students were thrilled to participate in a wide range of hands-on farm activities such as ploughing the fields, sowing seeds, harvesting crops, and exploring the lush mango groves. They also tried their hands at pottery, experiencing the art of shaping clay with patience and creativity. Adding to the rural charm, everyone enjoyed bullock cart rides and tractor rides, which brought immense joy and laughter.

Meanwhile, the teachers took part in a creative and symbolic activity - making piggy banks, reflecting the value of savings, creativity, and mindful use of resources.

After the engaging morning session, all gathered to have a delightful lunch under the shade of a large tree, relishing the simplicity and beauty of nature.

Later in the day, the instructors explained different types of farming techniques, followed by a nature walk through the green landscapes. Students also got the opportunity to witness fishing and honey collection, which fascinated everyone.

As the day drew to a close, each student was presented with a beautiful diya as a token of love and gratitude, symbolizing light, learning, and harmony with nature.

The Trip to Guru Farm House was truly a memorable and enriching experience. It not only gave students practical knowledge of farming but also taught them the values of hard work, teamwork, environmental awareness, and gratitude towards the farmers who nurture our land.

Green Thumbs and Happy Vibes! Guru Farm House! Digging into Fun
