#### **Topic: How School Fosters Human Excellence through Compassion**

The assembly of class XI B was held on 10<sup>th</sup> July 2025 on the topic “How School Fosters Human Excellence through Compassion”. The assembly began with the prayer (Gayatri Mantra) invoking the blessings of God followed by the DAV Gaan and welcome speech of a compassionate soul on earth and thus began **The Divine Intervention**.

The Programme took the audience into realm of imagination where the Gods after a million years of sleep wake up only to find that the world has lost compassion and the fictitious character ‘Newton’ was transported to the Class assembly. Newton witnesses the compassionate acts of the Students and is awakened to the belief in ‘benevolence’

The second program commenced after Newton was transported again into a competition of role play on topic ‘Every action has equal and opposite reaction’. The timing was right and Newton witnessed the dominating performance of students and the proverb explained by the teacher “As you sow, so shall you reap” that emphasized the principle of reciprocity in actions and consequences in life which made Newton understand more about compassion.

The last program commenced when the God dropped a note containing a riddle for the last program. After Newton figured it was a dance, the dance showed a silent act mixed with classical dance in a purely outstanding way.

Once Newton witnessed all the programmes (3 ways of compassion), he racked his brain, organised his knowledge to write the only Laws of Compassion. The laws that he wrote as follows:

- Law of Emotional Inertia
- Law of Empathetic Force
- Law of Reciprocal Compassion.

Once his purpose was accomplished, he was transported back by the Gods, and his laws were published! Thus, the Man of Science transformed into the Man of Compassion. The assembly concluded with the Vote of Thanks followed by National Anthem and Shanti Paat.
