REPORT ON THE SCIENCE CLUB OF CLASS III AND IV DURING THE ACADEMIC YEAR 2024-2025

CLUB MEMBER: MS. DURGALAKSHMI

DATE: 22.07.2024

TIME: 09.00 a.m. to 10.00 a.m.

ACTIVITY: PRESENTATION

TOPIC: Inquisitive Innovations- Innovative Model Presentation using Low Cost Materials

- On July 11, 2024, the Science Club of our school proudly hosted a Science Model Presentation event, showcasing the innovative and creative projects of our students.
- The event took place in the school stage, which was transformed into a vibrant exhibition space filled with various science models and experiments.
- Students from grades III and IV participated, presenting their models on a range of topics including renewable energy, human anatomy, the solar system, and environmental conservation. Each model was meticulously crafted, demonstrating the students' understanding and application of scientific principles.
- The highlight of the event was the interactive sessions, where students explained their models to teachers, in charges and fellow students. This not only provided an opportunity for students to showcase their hard work but also helped them develop their communication and presentation skills.
- The Science Model Presentation was a resounding success, fostering a spirit of inquiry and innovation among students.
- It also reinforced the importance of practical learning and the application of theoretical knowledge in real-world scenarios.
- The Science Club looks forward to organizing more such events in the future to continue nurturing scientific curiosity and creativity in our students.
