

D.A.V PUBLIC SCHOOL

No. 19, Sitaram Nagar, Velachery, Chennai-42

REPORT ON THE CLASS ASSEMBLY OF VI A DURING THE ACADEMIC YEAR 2022-23

Topic: How to Identify Logical Mathematical Intelligence Among Students

Mathematical Discovery by Two Great Mathematicians.

Class Teacher: Ms. Geetha .S

Date: 16th August, 2022 (Tuesday)

Timings: 08:30 a.m. - 9:00 a.m.

The Assembly commenced with the **DAV Gaan** and chanting of **Gayathri Mantra** invoking the blessings of the Almighty. A sloka signifying the significance of Mathematics was recited by the students. The formal Welcome Note- 'Swagat Bhashan' was given by Ananya. The Assembly accentuated array of programmes to identify the Logical Mathematical Intelligence among students.

Spectacle De Talents-Logico – Firstly, Students presented diverse activities to elucidate on how mathematical intelligence can be identified among students. The show highlighted activities like cup stacking, Rubik's cube, chess, music, dance movements which play an important role in real life as well as for improving logical mathematical skills.

Skit-Set-E-Rico Computational–Secondly, Students performed a Skit on the Life and 'Discoveries of great mathematician Ms.Shakuntala Devi', which included a peppy dance movement that enthralled the audience.

Talk About - Mathematics–Thirdly, the students brought out the discoveries and achievements of well-known mathematician 'Prasanta Chandra Mahalanobis' through a discourse.

Quiz–O–Quiz –Finally, Dakshesh M came out with a very informative and knowledge-enriching quiz programme that generated excitement among the students.

Supervisory Ma'am appreciated the students for their awe-inspiring performance.

Abhar Pradarshan (Vote of Thanks) - The Vote of Thanks proposed by Thanish N brought the curtain down.

Talk about - Logical Mathematical Intelligence

Spectacle of Talents

Stacking Cups in Pyramid Patterns

Exploring Rubik's Cube

Flashes about Great Mathematicians

Creative Fingers

Peppy Dance Movements
