Topic: How to Be Disciplined in the Classroom

The assembly of Class III B was a meaningful and engaging programme presented by all the students on Tuesday, 4 August, 2026, under the guidance of their class teacher on the topic “How to be Disciplined in the Classroom”.

The programme began with a warm Welcome Address by R. Shraavani and Manveer, who greeted the Principal, teachers, and fellow students. This was followed by the Tamil Thai Vazhthu, DAV Gaan, and Gayatri Mantra, creating a serene atmosphere and seeking guidance, wisdom, and a disciplined spirit for the day.

The Pledge was delivered by Pranshu Agrawal. The assembly then introduced the theme, “How to Be Disciplined in the Classroom”, with the objective of helping students understand the importance of discipline and good behaviour in school.

The main highlight of the assembly was “Walk and Talk”, a speech based on the theme. Through their presentation, the students shared valuable thoughts on the importance of being disciplined in the classroom. This was followed by the Placard presentation, where a group of students displayed meaningful messages, such as “Helping Others Transforms Our Lives.” The Students also gave brief explanations of the messages on their placards, reinforcing the importance of discipline, kindness, and helping others.

The skit further brought the theme to life by highlighting how discipline helps students become responsible and respectful learners. The students conveyed important classroom habits such as keeping the classroom clean and tidy, being polite and respectful to teachers and classmates, avoiding unnecessary talking or disturbing others during lessons, following classroom rules and instructions, taking care of books, desks, and other school property, and helping classmates and working together peacefully.

Adding colour and energy to the programme, the students presented a dance that symbolised the joy of helping others and being disciplined in the classroom. Set to an uplifting song, the performance beautifully conveyed the message of cooperation, responsibility, and positive behaviour.

The assembly was both informative and enjoyable, leaving the students with an important message: being disciplined does not simply mean following rules; it means being Responsible, Respectful, Helpful, and Ready to Learn. The students were encouraged to practise these good habits every day and contribute towards creating a classroom a happy, positive and harmonious place for everyone.

The programme concluded with a Vote of Thanks delivered by Nilani Maanasa R, who expressed gratitude to everyone who contributed to making the assembly meaningful and memorable.
